

Lambert J. "Joe" Hassinger, Director

Overview

Lambert J. Hassinger Jr. (Joe) is a problem solver. His long-term client relationships are based on excellent communication, early case assessment, and candid advice. Joe understands that the goal is to bring each matter to conclusion in the most efficient and effective way possible. As Joe explains, "clients deserve

proactive, focused, and deliberate strategies and tactics. So, if we need to try the case, let's try it. If we can resolve it by mediation or negotiation, let's work toward that goal. Either way, we will push the case to conclusion."

That methodology makes sense for our clients and our firm. "Our clients are under constant pressure to reduce litigation expense, which is in large part a function of cycle time and whether the litigation is managed by a client and attorney who work in sync," Joe explains. "And as a successful law firm," he adds, "we are profitable not by maximizing billing opportunities on a particular matter or in a particular month, but by building and maintaining long-term client relationships that result in our clients calling on us again and again to solve problems."

Joe manages litigation in both state and federal courts. He has tried cases in every federal district in Louisiana as well as in parishes throughout the State. He has also successfully litigated cases before the United States Fifth Circuit Court of Appeals.

Joe has earned a Martindale Hubbell Client Review Rating of "Preeminent" based on Communication Ability, Responsiveness, Quality of Service and Value for Money. He has earned a Martindale Hubbell Peer Review Rating of "AV Preeminent," based on Legal Knowledge, Analytical Capabilities, Judgment, Communication Ability and Legal Experience.

In 2011, Joe was privileged to complete the CLM Litigation Management Institute and earn the designation of Certified Litigation Management Professional (CLMP). That designation recognizes his understanding of and commitment to the business of managing litigation, as well as the value, skills and knowledge he brings to his business and client base.

Joe knows that being an effective counsel includes not only excellent trial skills but outstanding negotiation and conflict resolution skills as well.
