

Pensacola Jury Returns Successful Verdict for GJTBS Client

GJTBS attorneys from the Pensacola office successfully defended a Chinese buffet restaurant in Panama City, Florida in a dispute over the amount of Plaintiff's injuries. Todd LaDouceur and Ben Zimmern were able to demonstrate that Plaintiff's claimed knee injuries were embellished and any lingering complaints were consistent with her pre-accident complaints of pain. After successfully impeaching the Plaintiff and her doctors on this issue the jury returned a verdict for less than half of Plaintiff's requested recovery.
