

CPSC – Updated Inflatable Safety Bulletin Issued

The U.S. Consumer Product Safety Commission has updated their 2001 amusement ride safety bulletin for inflatables. The updated version is now live on their website and can be found [here](#).

Since 2001, there has been an emerging market of residential inflatables, so guidance has been added for these non-commercial units. The previous guidance and recommendations for set-up and operation have also been updated. For more information on the updates or to understand how this might affect your business, please contact Joe Hassinger at: jhassinger@gallowayjohnson.com.
