

# Houston Attorney Alexis Hester Named to Board of Texas Advocacy Project

---

Alexis Hester, from our Houston office, has been elected to the board of the Texas Advocacy Project, 2017.

Texas Advocacy Project is a non-profit law firm that works directly with victims, shelters, law enforcement agencies, and courts across Texas to deliver effective legal services to Texans in need. Their services are free of charge and provide the type of long-term solutions which break the cycle of violence for thousands of Texans each year. They accept clients without regard to ethnicity, gender, sexual orientation or county of residence. Further minimizing barriers to legal services, they have English and Spanish-speaking attorneys and utilize a language interpretation service available around the clock, allowing them to give legal advice in over 170 languages. The Project also employs a service for deaf callers.
