

# Galloway's Tampa Attorneys Cap Off Three-Week Run with Another Defense Verdict

---

Galloway attorneys Phillip Howell and Lee Smith secured a major trial victory in a Miami trenching/cast iron pipe case for their client, a Florida property insurer.

Cases such as these typically involve long, drawn-out claims, often requiring destructive testing and replacement of the systems involved with structural fill and the foundation of the home and beyond.

Galloway is pleased to announce that we were able to bring the case to a favorable resolution with a complete defense verdict for our client.
